

WHY RENT A ROCKET TO GET TO NEW ROCHELLE?

Thinking of blasting off with a huge, overpowered copier? Hold it! The 3M Company can help you avoid the "costly compromise" of using more "copier" than you really need. Now you can choose from the largest variety of copiers in the world to find the one just right for you. ☐ Maybe you need just a few high-quality copies from many difficult-to-copy originals... or the world's fastest copies... or up to 40 copies per minute on ordinary bond paper from originals of any color, automatically. 3M has it—the copier tailor-made to do the job best. ☐ And wait till you see how much money you can save by avoiding that "costly compromise"! Your THERMO-FAX Brand Products dealer will prove it. See his full range of copiers... then pick out the one that's "A-O.K." for you. Call him.

Look to 3M for imagination in image-making!
